Took it as a Child: Now gives  
it to her own Children.

Mrs. Mabel Bonilton of Brisbane, Queens-  
land, has had the following unusual and most  
delightful experience:

"From infancy I was weak and delicate  
and grew to be anything but a robust child.  
I suffered from debility, no appetite, and  
the usual consequence of such complaints.  
But my parents hearing of the health restoring  
properties of

procured some for me and I am happy to say  
that after having taken two bottles I regained  
health, vigor and good appetite and have not  
been troubled ever since. I am now married,  
have a family of my own, am still strong and  
well, and can recommend Dr. Ayer's Sar-  
saparilla as a good family medicine."

For constipation take Dr. Ayer's Pills. They  
promptly relieve and surely cure. Take them  
with Dr. Ayer's Sarsaparilla, one and the other.

### THE SENATE.

There was very little done in  
the Senate this morning beyond  
the reading of yesterday's min-  
utes.

The third reading of the Opium  
bill was further postponed to next  
Tuesday.

On motion of Senator Wright,  
who called the attention of the

Senate to the fact that Monday  
was Memorial Day, and it was  
possible that one or more Ameri-  
can transports might be in the  
harbor, the Senate adjourned to  
Tuesday, May 31, at 10 a. m.

### THE EXECUTIVE COMMITTEE.

Meeting to Consider Changed Situation  
of Reception Movement.

Yesterday's news more than re-  
vived the drooping hopes regard-  
ing the calling here of transports  
with troops for Manila. In con-  
sequence Senator Baldwin, chair-  
man, called a meeting of the Ex-  
ecutive committee on reception at  
4 o'clock. Geo. W. Smith, chair-  
man of the "100" committee, pre-  
sided, and J. A. Kennedy acted as  
secretary.

Mr. Baldwin gave his opinion  
on the news, which was now un-  
certain only as to the time when  
the first arrival of troops would  
happen.

J. B. Atherton, chairman of the  
Finance committee, answering a  
question said \$7000 was subscrib-  
ed. Some of the larger subscrip-  
tions were conditioned that the  
soldiers should come, and if  
they did not that the preliminary  
expenditures should be as light as  
could be managed.

W. G. Ashley, for the Commissary  
committee, reported the stores on  
hand. Some perishable articles  
had been taken off his hands with-  
out loss, and there would be no  
loss on cooked food in any case.  
To obtain an ample supply of  
good island milk for the Hawai-  
ian coffee would be a difficulty.  
One day's dairy resources would  
not suffice. Enough meats were  
cooked for 1000 or 1200. If neces-  
sary the committee could prepare  
to feed 3000 by the next morning.

Mr. Baldwin had ascertained  
that it would take the steamer  
City of Peking ten hours to coal.

A member said the steamer  
Australia, according to the BUL-  
LETIN'S news, was liable to arrive  
Sunday morning with 900 troops.  
The meeting was discussing the  
City of Peking as probably com-  
ing Tuesday or Wednesday.

F. B. McStocker held the ques-  
tion was how many would come  
and when. President McKinley  
had made an additional call for  
3000 regular troops, as it was not  
deemed wise to send a large pro-  
portion of raw recruits to Manila.  
The speaker informed the meeting  
that the Press of Honolulu was  
going to give a dinner, on its own  
account, to the war correspondents  
with the expedition. An approp-  
riation should be made to defray  
the expenses of the newspaper  
men in conducting their visiting  
conferences to the Pali, Pearl harbor  
and other points of interest. After  
hearing the views of others, Mr.  
McStocker moved and it carried,  
that \$100 be placed at the disposal  
of the Entertainment committee  
to pay carriage hire for the Press  
party.

Chairman Smith will act as head  
of the Executive committee in the  
absence of Senator Baldwin, who  
goes to Maui today and returns  
Sunday.

### A New Departure.

We are very anxious to show  
the public what a co operative  
store can do in the way of apply-  
ing the table with fresh imported  
groceries. So please don't forget  
that the Palama Co-operative  
Grocery Co.'s store is now open  
for business. First shipment of  
goods arrived per Mariposa from  
the coast. Among the many good  
things she brought are fresh fro-  
zen oysters, delicious smoked  
halibut, plate corn beef, 6 lb kits  
salt mackerel, smoked beef hams,  
1 lb blocks creamery butter, and  
many other choice articles. This  
store has always enjoyed the  
reputation for low prices, but now  
under the co operative plan we  
are better able than ever to com-  
pete with even our celestial com-  
petitors. No harm in giving us a  
trial. Telephone 755 till new is-

## TWENTY TONS OF CHICORY

Imported from Great Britain to Hono-  
lulu in the Last Five Months.

How Local Coffee Growers are Being Deprived  
of a Home Market for Hawaiian  
Grown Coffee.

Senator Holstein's bill, intro-  
duced in the Senate the day be-  
fore yesterday, to impose a duty  
on chicory, is short and sweet. In  
Section 1 it provides that there  
shall be levied, collected and paid  
upon all chicory, raw or other-  
wise, and upon caramel cereal or  
other substitutes for coffee, the  
product of any foreign country  
imported into this country, a duty  
of twenty-five cents per pound.  
Section 2 provides that the act  
shall take effect immediately on  
publication.

In explaining the objects of the  
bill, Senator Holstein gave the  
Senate some figures that were  
astounding. He said they were  
official, having been personally ob-  
tained at the Custom House. In  
1894 and 1895 no chicory what-  
ever was imported to this country.  
In 1896 34,240 pounds were im-  
ported, valued at \$1354.31, all  
from the United States. In 1897  
300 pounds only was imported  
from the United States but in-  
stead 27,648 pounds were brought  
here from Great Britain. During  
this year to date the importations  
of chicory from Great Britain  
have already amounted to 39,456  
pounds or nearly twenty tons.

The total importations of  
chicory from 1894 have amounted  
to 70,828 pounds, on which the  
Hawaiian Government has re-  
ceived the munificent sum of  
\$416, being at the rate of 10 per  
cent ad valorem on a valuation of  
less than 4 cents a pound. In  
other words the Hawaiian Gov-  
ernment has made \$416 by allow-  
ing the importation of a substi-  
tute for 70,828 pounds of its own  
coffee product, and thereby lost a  
home market for the sale of  
\$14,165.60 worth of coffee, com-  
puting it at 20 cents a pound.

Caramel cereal is one of the  
articles named in Senator Hol-  
stein's bill, and he produced a  
sample in the Senate for inspec-  
tion. It is claimed to be a mix-  
ture of cereals so prepared as to  
constitute a wholesome substitute  
for coffee. It is an American  
product and as such may be en-  
titled to come in duty free under  
the Reciprocity treaty. Senator  
Holstein said he did not object to  
the article itself so much as to the  
way it was labeled, which is cer-  
tainly deceptive in one place and  
injurious to the sale of coffee in  
another. On one side of the box  
are the words:

"For each cup of the beverage  
required use a dessert spoonful of  
the caramel cereal and steep for  
10 to 20 minutes. Excellent coffee  
may be made in five minutes or  
even less, but the strength and  
flavor are developed by longer  
steeping."

Now it is a fact that "excellent"
